Subject: Clarification of request from Dave Hill, RRC UIC program mgr.

All,

Per request from Phil today, I just talked with Dave Hill, RRC UIC program manager, about his telephone request earlier this week. As per our telephone conversation yesterday morning and again this afternoon, Dave's request is for "reference materials" only related to interpreting pressure fall-off tests. At this time, he is not requesting anything more. That said, Ken Johnson, can you email to Dave Hill, david.hill@rrc.state.tx.us, any available reference materials in your library? If needed, Dave may expand his request for additional assistance.

Thanks,

Mike Frazier, geologist
